“Virtual Beer & Certifications”

Virtual Beer Gathering and Certifications Briefing (1 CPE)

Come join us from the comfort of your own home or office for our first virtual Beer meetup hosted by Certification Director, Freeman Ng & Social Media Director, Darron Sun. Since this February, many of us are missing the social connections and networking. Let’s take this opportunity to network, and to learn the updates on the following certifications and related topics:-

- Overview of ISACA Certifications
- Live Remote Proctoring Option
- CSX Training Platform
- Enhanced CSX-P
- New Certification – CDPSE

Our members and friends rely on our community for support and we want to lead the way to keep you connected online. Helping our members stay healthy and connected is our number one priority and online gathering is a great solution until we are able to meet in person.

We look forward to hosting the first ‘Virtual Beer Hour’ on 21 May at 7pm. The maximum capacity allowed is 100 participants, please click [HERE](#) to register and save your spot.

So, get ready to turn on your computers, have your beer or drink in hand on the day!
